

# Believe in Me

What if magic was a reality  
Like the way it used to be  
But if wishes were horses  
Then beggars would ride ~~~ ride

Though I may not be what you seem to see  
I'm a possibility  
But if I were so magical  
Why would I hide ~~~ hide

Too many questions  
Too many answers  
Dim the Light  
Let silence lead your way

Instrumental

Let your wishes peel through my spinning wheel  
And your heartsong be revealed  
Like a mystical, magical  
Dream coming true ~~ true

Let your sorrows heal as your lips unseal  
Every secret dream concealed  
Come along then, my friend  
I've been waiting for you ~~~ you

Too many questions  
Too many answers  
Dim the Light  
Let silence Light your way

Instrumental

Believe in Me  
And I become as real as you  
Believe in Me  
That's all you need to do

Believe in Me  
Together we can find your special place

Believe in Me  
Believe in Me  
Believe in Me  
Like I believe in you

Believe in Me  
Believe in Me  
Believe in Me  
Like I believe in you
