Sincerely,

Donald A. Hendrickson, Ph.D.
President - Microbiologist
Chemistry Lab #C-18-01
Microbiological Lab #M-18-03

DAH/skp

EVAN,
The sample came
back with a very
good minimum detection
level. 2.35 is the EPA
level for recreational
water to be considered
cautious. This report is
less than 10! This
is good.
