

HellFire & BrimStone

When people tell me I'm just like my Maw
I get on my knees and gladly thank the Lord
She's downright pretty and what's best of all
She's got that HellFire & BrimStone Feminine Spirit

A shy but sassy little fireball
With a heart of gold that makes her ten feet tall
Her aces covered, she could bluff or call
She's got that HellFire & BrimStone Feminine Spirit

And when I'm bound for trouble I don't call the law
With the odds against me, gonna call my Maw
She'll kick a wildcat's fanny, brother, wall to wall
With her HellFire & BrimStone Feminine Spirit

Instrumental

And when I'm bound for trouble I don't call the law
With the odds against me, gonna call my Maw
She'll kick a wildcat's fanny, brother, wall to wall
With her HellFire & BrimStone Feminine Spirit
Yes, with her HellFire & BrimStone Feminine Spirit
