

Let Yourself Love

~ Lyrics follow flute lead ~

Oooo, I love you, boy [girl]
You know it's never over... nev'r... nev'r

I love you, baby
You know it's never too late

To Let Yourself Love

Oooo, you love me, boy [girl]
I feel your silent heart speak... touch me... heal me

You love me, baby
You know it's senseless to wait

Hey, Let Yourself Love

Inside, you tremble like a scared child
You would love somebody, if you could
Instead you're actin' like a bad [little] boy [girl]
You're a first-class asshole... if you're nothing

Oooo, you're dreamin', boy [girl]
If you could only hold me... rock me... feel me

You'd show me, baby
Love I can't anticipate

And Let Yourself Love

[OK to change out the word: asshole]
