

# HumanKind

HumanKind,  
Is your nature still unrefined?  
HumanKind,  
Has your spiraling, so inclined,  
Stopped your climbing?  
HumanKind,  
Are your dreams falling far behind?  
[Or: Is your quest falling far behind?]  
Have you had something on your mind?  
Is your soul so hard to find?  
Are you blind,  
HumanKind?

HumanKind,  
Is your spirit so undermined?  
HumanKind,  
Has your spiraling, so inclined,  
Stopped your climbing?  
HumanKind,  
Aren't you tired of the same old grind?  
Has your fate come to bottom line?  
Is your destiny defined?  
Are you blind,  
HumanKind?

[Bridge lyrics not in video]  
[Look at your world and what you've done with it]  
[Does it make you think a bit]  
[I believe you could use a slight reprieve]  
[From the evil webs you weave]  
[Can you hear me]

HumanKind,  
Is your sentience so misaligned?  
HumanKind,  
Has your spiraling, so inclined,  
Stopped your climbing?  
HumanKind,  
Has your love become so confined  
You've forsaken your peace of mind?  
Is your heart so hard to find?  
Are you blind,  
HumanKind?
