

Lift Me Up

Endless Love

Love, I've survived
Yet I can't keep from falling
Beaten, battered, maimed
Weak and alone
From the darkness I'm calling
With a heart a blaze untamed

Lift Me Up
Lift Me Up
Lift Me Up
Unto the morning
Lift Me Up
Lift Me Up
Lift Me Up
Unto the morning
Of endless Love

Glorious Love
Lights the dawn as all hearts reunite
In Its ever-growing flame
Peace! Peace on Earth
In abundance of All Loving Light
Filling each's needs to claim

Lift Me Up
Lift Me Up
Lift Me Up
Unto the morning
Lift Me Up
Lift Me Up
Lift Me Up
Unto the morning
Of endless Love
Amen

[Amen shout outs by actors and audience in every language on Earth]
[script dialogue overlay: actors & audience shout out their heartfelt visions of the new world to lock it in]
"I see a world..."
[This is not a drill. Repeat. Not a drill.]
