

Don't Leave Me Now

I miss the lovelight of the afterglow
It must have faded in the dark
Where are those happy hours we used to know
It breaks my heart to think of it
There must be some way through it

Don't Leave Me Now, darling
Say you're gonna stay
We'll find a better way
Don't Leave Me Now, oh, darling
Don't tear our lives apart
We can make a brand new start, if you stay

When did our love become so second-hand
When did our hearts grow old with time
I can't pretend to ever understand
I try to make some sense of it
I know there's some way through it

Don't Leave Me Now, darling
Say you're gonna stay
We'll find a better way
Don't Leave Me Now, oh, darling
Don't tear our lives apart
Don't Leave Me Now

Instrumental

I remember holding you tight
Making love long into the night
You love me ~ I love you
We can find the love we knew

Don't Leave Me Now, darling
Say you're gonna stay
We'll find a better way
Don't Leave Me Now, oh, darling
Don't tear our lives apart
Don't Leave Me Now
