

Good Morning Angel

Music: Kieswetter~Rice

Lyrics: Gregor Rice

Good Morning, Angel
You'll be waking soon
Good Morning, Angel
To this happy tune

Look at this boundless horizon
The sun is on the rise
This sun, you'll start realizin'
Will soon be in your eyes

Good Morning, Angel
Come, stretch your wings
See what the future brings

[BG chorus]
Hey, Good Morning, Angel
Angel stretch your wings X2

Instrumental interlude 4 measures

Good Morning, Angel
Your abilities
Good Morning, Angel
Are your golden keys

Life is your own self-creation
There's so much you can do
Living the source of causation
Is up to only you

Good Morning, Angel
Reach for the sky
Now you must learn to fly

[BG chorus]
Hey, Good Morning, Angel
Angel, learn to fly X2

Instrumental interlude 8 measures into bridge

Open your eyes to the wond'rous
Beauty of the day
Come hear the music softly playing
Yes, open your heart to the lovers
Lost along the way
Simply a tender word
Guides their way home

Instrumental Interlude 8 measures

Good Morning, Angel
You can make your way
Good Morning, Angel
To a brand new day
[spoken: For us all!]

You are the hope of the masses
To save humanity
Though you could save all our asses
You might leave two or three...
[just kidding, he said Musical Comedies sell !]

Good Morning, Angel
Knowing you'll fly
We'll see you fly sky high

[Alt. Verse already done 1984 re: 'You are the hope,' above]

Let's see your manifestation
Choose your reality
Make life a real celebration
Be all you choose to be

Instrumental finale
