You Know You've Got to Have a Dream

~ a powerful Streisand-Bocelli-type work ~ words to be completed coordinating with dialogue ~

A:

You Know You've Got to Have a Dream
If you want to have a dream come true
It's not as wild as it may seem
When heaven's distant drummer's calling you

You'll find your wish unfolding in the Light
When your dream takes flight

A:

You Know You've Got to Have a Dream
If you want to have a dream come true
It's not as wild as it may seem
When heaven's distant drummer's calling you

Hold on to precious visions in your sight
When you have a dream
Dreams come true

B:

Where would we be
Without the dreamers of the world
And the magic men... seeing us through
Where would we be
Without the street - light - vi - sion - ar - ies....
Lighting our view...

A:

You Know You've Got to Have a Dream
If you want to have a dream come true
It's not as wild as it may seem
When heaven's distant drummer's calling you

Stand strong, empow'r your dream to reach its height
When you share a dream
Dreams come true

B: Optional B & A finale en repeat or new [long dreamy new agey inst. could work between~time to required length]

Where would we be
Without the dreamers of the world
And the magic men... seeing us through
Where would we be
Without the street - light vi - sion - ar - ies...
Lighting our view...

A:

You Know You've Got to Have a Dream
If you want to have a dream come true
It's not as wild as it may seem
When heaven's distant drummer's calling you

A world transforming dream could soon ignite
When you share a dream
Dreams come true
